ABOUT ME

I am a focused and motivated bachelor's student with strong analytical skills, strategic thinking, and a growth-oriented mindset.
Eager to learn, adapt, and contribute effectively to professional opportunities.

EDUCATION

SURESH GYAN VIHAR UNIVERSITY, JAIPUR

Bachelor's of Computer Applications(AI/ML).
Ongoing--

2024-2027

MATRIX HIGH SCHOOL, SIKAR

12th(Science-Math) RBSE
Score: 82.4%

2022-2023

RADHEYSHYAM ENGLISH SCHOOL, SURAT

10th GSEB
Score: 86%

2020-2021

SKILL

- Programming (Python, C++, Java)
- Web Development(HTML, CSS, JavaScript)
- Development Environment (VS Code, IntelliJ IDEA, Jupyter Notebook)
- Mathematics (Statistics, Linear Algebra and Probability)
- Data Analysis (NumPy, Pandas)
- Data Visualization (Matplotlib, Seaborn)
- DBMS (MySQL, XAMPP)

PROJECTS

Fun with Science

NOV, 2024

Created an interactive web-based quiz game to make learning science and environmental concepts engaging. The system featured multiple-choice questions, instant feedback, and real-time score tracking to enhance user participation.

- Technologies Used: HTML, CSS, JavaScript

Student Performance Analyst

MARCH, 2025

Developed a web-based application to efficiently record, manage, and analyze student performance data. Designed an interactive and user-friendly front-end for data entry and visualization, while implementing backend logic to process information and generate dynamic results for better insights.

- Technologies Used: HTML, CSS, JavaScript, PHP

Password Strength Checker

JUN, 2025

This project is a Password Strength Checker that evaluates a user's password based on length, character diversity, and use of special symbols. It assigns a score out of 10, categorizes the strength as Weak, Medium, or Strong, and suggests a stronger password if needed. It ensures better password security practices through simple logic.

- Technologies Used: Python, Random module, String module

CERTIFICATES

- Basics of Python (By: Infosys)
- Python Project with UST (By: Coursera)
- Data Visualization using Bokeh (By: Coursera)

INTERESTS

- Machine Learning and AI
- Quizzes and Puzzles
- Tech Exploration and Gadgets
